

Concord Theatrical Guidance

2025

"In most circumstances, monologues, individual solo songs, group numbers, and brief excerpts of less than ten minutes do not require a license or other permission from Concord Theatricals when performed without costumes or choreography for audition purposes or for a limited audience of adjudicators at festivals and competitions. Excerpts of more than fifteen minutes or short plays require a license (which can be requested on our website).

Note that performances should be of single excerpts or songs, and we are unable to approve mash-ups or medleys of multiple songs. Two songs are fine as long as they are performed in order, in their entirety, and are not mashed up/cut to make a medley.

If you are unable to source sheet music for Iowa Speech performances and would like to determine if Concord Theatricals can provide sheet music for an individual song (subject to additional fees), please email our Concert Licensing team at concert@concordtheatricals.com. We are unable to provide recorded accompaniment for Thespys performances."
