Sade Barfield, Director of Individual Events

Iowa High School Speech Association

Hello! Hello! Students, Coaches, Parents/Guardians, Critics and Guests,

WELCOME to the 46th Annual All-State Individual Events Festival of Outstanding Performances. **Congratulations** on your distinctive achievements in IHSSA activities!

To the University of Northern Iowa, our expression of gratitude for their kind hospitality, comfort, and opportunities provided through their facilities and personal assistance.

The philosophy of the **IHSSA** is built upon the belief that no form of activity is any more important than that of learning to speak effectively. Participation in speech activities will benefit students throughout their life journeys. This festival provides an avenue towards that philosophy. We believe the festival will not only allow students to present their talents, but to educationally enlighten all who are present today.

We are confident this 46th Annual All-State Festival will prove to be an entertaining and educational experience for all involved. Do enjoy the experience, the festival events, and most of all, your moment in the light. Congratulations!

Stacy S. Hansen, IHSSA Executive Director

University of Northern Iowa

The University of Northern Iowa is pleased to host the IHSSA Festival again this year. I applaud your participation in this event, for it signifies a commitment to communication and discourse. Your involvement in speech will serve you well as you continue your academic studies and later in your chosen profession.

On behalf of the faculty, students and administration of the University of Northern Iowa, I welcome you to our campus. We hope you have the opportunity to tour the campus and visit with faculty in the fields that interest you. I encourage you to visit our Admissions Office in Gilchrist Hall, or call 319.273.2281 to arrange a campus visit.

UNI offers the best of both worlds - a large university experience with a very personalized college atmosphere. At UNI you'll be welcomed as a member of a special academic community, where all faculty view your education as their highest priority. You will find that our facilities, staff, curricular offerings, and co-curricular programs are among the finest in the country.

I wish you complete success in the IHSSA Festival, and I hope you enjoy a memorable visit to Cedar Falls and the University of Northern Iowa.

Dr. Mark Nook
President

Department of Communication Studies

University of Northern Iowa

Department of Communication and Media

Dear IHSSA Festival Guests,

On behalf of the UNI Department of Communication and Media, I would like to welcome you to our department and facilities in Lang Hall.

Our department offers several majors, including Communication Studies, Digital Media (with emphases in Production, Leadership, and Journalism), Interactive Digital Studies, Public Relations, Political Communication, and Communication-Theatre Teaching. Some points of distinction:

- **Communication and Media faculty are award-winning teachers.** We have won more Regents Awards for Faculty Excellence over the past 25 years than any other program at UNI. We pride ourselves on getting to know our students and helping them reach their post-college goals.

- **Speech and Debate have a long, proud tradition at UNI.** UNI Forensics (our speech and debate teams) is one of the oldest student activities at UNI – more than 100 years old – and has a long history of success. We welcome all students, regardless of their experience level, to join the speech or debate teams and participate in events across the country.

- **We offer lots of opportunities to get involved.** In addition to UNI Forensics, the department's other student organizations include UNI Interpreters Theatre, the Public Relations Student Society of America (PRSSA), Strategic PR (an in-house, student-run public relations agency), Hilltop Productions (an in-house, student-run media production company), the student radio station KULT, and the Northern Iowan newspaper.

- **Communication and Media students get great internships.** Recent student internships have included: The American Red Cross, The Daily Show, John Deere, Entertainment Tonight, the Iowa Governor's Office, the Iowa Speedway, the Kansas City Chiefs, the National Mississippi River Museum, Saturday Night Live, Seventeen magazine, and WGN.

- **UNI is the only university in Iowa with a major in Communication-Theatre Teaching and Performance Studies curriculum**. Students in that major have substantial opportunities to write, direct, coach, and perform.

- **Communication and Media students learn in state-of-the-art facilities.** These include computer labs, 24 multimedia classrooms, 25 digital audio and video editing suites, a renovated auditorium, two television studios, and a performance studies lab and performance space.

- **Communication and Media offers a 4+1 program that allows students in any of our departmental majors to graduate with BOTH a B.A. and M.A. in five years.** The job placement rate from our B.A. programs is 94%; from our M.A. programs, it is 100%.

Again, welcome to UNI, and we wish you great success in your future academic plans. If you have any questions about Communication and Media at UNI, please feel free to contact us and find more information at: https://cm.uni.edu. We would love to talk with you!

Dr. Ryan McGeough
Department Head
Department of Communication and Media

Theatre UNI

Theatre UNI offers an exciting experience for student actors, designers, and technicians. Our program is a combination of thought-provoking curriculum, major theatrical productions, and experimental projects in the theatre arts.

During the academic year, Theatre UNI produces four to six mainstage productions, ranging from the classics to the very latest plays from all over the world. Seasons may contain a mix of musicals, comedies, drama, opera, and theatre for youth on our mainstage, in our intimate blackbox, or designed for tour. Theatre UNI also supports the productions of UNISTA, the Student Theatre Association. Designed to give students a place to produce, experimental material and provide additional performance and design opportunities, this series is governed by a student board of directors.

Dedicating ourselves to being an anti-racist program is essential to our mission of educating through theatre. Our department commits itself to participating in the dismantling of systemic racism and oppression in our society in order to equitably serve our students, audiences, community members, teachers and guest artists.The faculty and staff of TheatreUNI condemn racism of all types, and unconditionally embrace the rejection of racist actions, language, curriculum and content from our programs, classes, activities and productions.

University of Northern Iowa Forensics

The UNI Forensics Team is one of the university's oldest student organizations – more than 100 years old – and has a long history of success. UNI's Speech Team finished ranked 10th in the country at AFA nationals for three straight years (2012, 2013, 2014). The UNI Debate Team competes regionally and nationally, and has sent qualifiers to the prestigious National Debate Tournament and CEDA (Cross Examination Debate Association) national tournament. UNI is the only college or university in Iowa that gives students the opportunity to compete in both speech and debate.

UNI Forensics has students from disciplines all across campus. Students have access to a variety of resources, including:

- Individualized coaching
- Merit-based and need-based scholarships
- Travel fees paid (registration, hotel, and meal stipends) for tournament participation
- Technology and materials support for all competitors

The Individual Events program at UNI offers students many opportunities and is open to anyone with an interest in improving their public speaking skills. There are 11 different events to choose from in interpretation/acting, platform speaking, and limited preparation. The squad consists of 15-20 members, and travels nationally to weekend tournaments throughout each semester, culminating the season with the American Forensic Association and National Forensic Association national tournaments in early April.

The Debate team at UNI competes in two-person, policy debate and Lincoln-Douglas. Each year debate teams representing colleges and universities across the nation select a single topic to research and debate for the year. After completing extensive research on the topic, students from UNI travel to a variety of regional and national tournaments and also compete in online competitions. In the past, UNI has attended tournaments at Harvard University, Northwestern University, Missouri State University, Augustana College, Wichita State University, University of Texas-Austin, and many others.

UNI Forensics has a number of successful team members who did IHSSA and NSDA competition in high school! See http://www.uni.edu/commstudies/forensics for more details on how you can participate.
